**BASE BALL TO-DAY.**

"THE SHAGRAUN" at the Grand this evening.

Council meets in regular session this evening.

OPERA HOUSE this evening—"Faust and Marguerite."

WALNUTS are in market. They are exceeding plenty this year, as are all kinds of nuts.

One marriage license was issued by Recorder Hook yesterday. He also admitted to record three deeds of trust.

One or two council committees met at the Public Building last evening to audit bills preparatory to to-night's Council meeting. Nothing of importance was transacted.

This may of the Natural Gas Company of West Virginia is being extended on Jacob street south from Thirty-third. The dirt thrown out causes the street cars a good deal of inconvenience.

LETTERS addressed to the following named persons remain unclaimed at the postoffice: D. B. Coaling, (2), (3), D. P. Rogers, Miss Cora Carr, Harry Thompson.

THERE were seventeen cases of all characters in yesterday's Police Court. At midnight two simple drunks were the subjects of this morning's inquiry, one responding in the Central Station and one in the Police ward.

The only conveyance of real estate admitted to record in Recorder Hook's office yesterday, was a deed made September 1, 1886, by H. J. Schulz and wife to Edward L. Rose of a piece of property on Wheeling Island, for \$500.

YOUNG MEN ARRESTED last night fined twenty men \$1 each for profanity. The law against profane swearing and vulgarities is almost a dead letter, much to the sorrow of respectable people compelled to be on the streets much.

A CURIOUS horse ran off with the delivery wagon in the Eighth Ward yesterday morning and tore up Jacob street to Third street, where he jumped the gas ditch, the wagon bounding after him. He was stopped after dashing several squares further, and it was found that no harm had been done.

TO-DAY is the last day before the coming election on which those who have secured their names can secure their second, entitling them to full citizenship. Those who have not secured their second papers and desire to vote next month, should not fail to call at Clerk Mitchell's office to-day.

DEPUTY SHERIFF W. M. CHAPMAN, of Hancock county, one of the most clever representatives of the good people of that county, was in the city yesterday on his way to Weston, where he was taking Mrs. Irene Miller, a demoted creature for whom room had been made at the Asylum. He was accompanied by Mr. George Pugh, of Fairview, acting as guard.

IN the list of names mentioned yesterday in connection with the Republican nomination for the State Senate, the name of Mr. P. B. Dobbin was mentioned. Mr. Dobbin is understood to not be a candidate, but his name is prominently mentioned, and many Republicans advocate his nomination warmly, while all recognize his excellent qualifications for the position.

**ABOUT PEOPLE.**

Strangers in the City and Wheeling Yokes Abroad.

Mr. M. A. Brost, of New Martinsville, was registered at the St. James yesterday.

Mrs. Paul and wife, of Wheeling, are visiting at the residence of Joseph Zellers, at Steubenville.

Mrs. L. G. Gerard, of Florence, Pa., is the guest of Mrs. William Schwedterger again for a few days.

Mr. Earl W. Ogelsby, who is now living in Cleveland nearly all of his time, is in the city for a few days.

Mr. and Mrs. Thomas Hobbs, of Cumberland, Md., were registered at the Stamm House yesterday.

Miss Agnes Morris and Sule Cooper, who have been visiting in New Martinsville, have returned home.

Mr. Jos. Woodward and family, accompanied by Miss Sue Metcalf, left yesterday for Wheeling, Alabama.

Mrs. Joseph Spindel entertains a number of her friends at her residence on Chapline street this evening.

Mrs. Kate Taylor and family, who have been visiting friends on Wheeling Island, have returned home to Belaire.

Col. Robert McDowd, of the New Martinsville Democrat, and Ex-Senator Donahoe, of Fairview, were in the city yesterday.

Mr. and Mrs. B. W. Peterson have returned home from a week's visit to friends at Newark, Ohio. Mr. Peterson is much improved in health.

Miss Rose Wolfe, of Clarion, who was visiting in Pittsburgh last week is spending a few days with her cousin, Mrs. Muhlen, on Jacob street.

Miss Alice Wright and Mr. Lewis Roeder, who have been visiting in the city, left yesterday for the Fifth ward, having returned to their homes in Wheeling.—Belaire Independent.

Mr. John J. Lutz, of the firm of Lutz Bros., has gone to Cincinnati to attend the annual meeting of the Laundrymen's National Association, which is to be held there this week.

Messrs. Haines and Connolly, two North Wheeling gentlemen, who have engaged with the Simmons Manufacturing Company, at Muskegon, Mich., left Sunday night for that place.

Mr. George H. Parks, of Chicago, a former well known Wheeling man, arrived in the city yesterday and is stopping at the Stamm. He will be here for a few days attending to business matters.

Mr. A. J. Halstead, formerly city editor of this paper, now of Brainerd, Minn., is here on a visit. It is understood that when he goes back to the West, a well known and worthy lady will accompany him as his wife.

AN old Wheeling Journalist Dead.

Col. W. S. Gilman, a prominent member of the staff of the Richmond Dispatch, died in that city on the 5th inst. Colonel Gilman was well known to a number of Wheeling people; he commenced his newspaper career in this city on the old Wheeling Times and was here for a number of years. He was in years frequently met in Washington by his Wheeling friends, where for a long time he acted as the correspondent of the Dispatch. While connected with the paper, he played an important part in the Democratic party, having been chosen several times for honorable positions.

PHYSICIAN.

I have just received from the principal florist of Boston (where the finest roses in the world are raised), an invoice of very choice roses, among which are Teas, Perles de Jardin, Mermite, Malmalrose, Niphetos, La France, L'Amor Beauty, Wheeling Times and others. Come and see the roses and you will buy no other.

J. B. Wilson, Bookseller and Stationer, 1508 Market St.

Call and see my new case for showing French Tissues. 45 different shades.

J. B. Wilson, Bookseller, Stationer and Engraver, 1508 Market St.

The new "Art Patterns" are just out, and are the most beautiful styles ever. They have all the good features of the old style. The new Home Stoves, and are beautiful until they are pretty as a picture. They have no equal either in beauty or good heating qualities, and so well with natural gas as with kerosene. Come and see the for yourself and you will buy no other.

W. T. Burr & Co., 1215 Main St.

**OVERCOME BY THE GAS.**

EFFECTS OF NATURAL GAS ON MEN

Who Got Caught in a Hole by It—Carelessness About a Very Dangerous Gas—Fair About the Pipe Line Employees—Report About Sunday.

Yesterday morning while some of the employees of the Natural Gas Company of West Virginia were repairing a slight leak in the gate at the corner of Wood and Fifteenth street, a young man whose name could not be learned, slipped down into the manhole.

He was lying on his back, his head was under the gate and he was observed by the gas men. When found he was lying on his back, his head was under the gate and he was observed by the gas men. When found he was lying on his back, his head was under the gate and he was observed by the gas men.

**"FAUST AND MARGUERITE."**

Dr. Hans's Dramatization of Goethe's Sublime Poem.

LEWIS MORRISON AS "MEXPHISTO."

This evening Lewis Morrison will appear at the Opera House as *Mexphisto*, and Miss Celia Alburg as *Marguerite*, supported by a strong and even company, in Dr. Hans's English adaptation of Goethe's great poem. To the credit of Wheeling it is said that the seats are selling well at Baumer's music store. Only one performance of this play will be given, the company leaving for the "Measure for Measure" to-morrow night. Everywhere they have appeared in Dr. Hans's play they have not only won the praise of the critics, but made a popular success as well. The performance to-night must be regarded as one of the dramatic events of the season. Miss Alburg is a California actress who has not been seen before. Mr. Morrison appeared in Wheeling several years ago in "The Marble Heart," and made a hit. The present company carries out the scenery and a large amount of stage accessories.

**BOUCICAULT'S IRISH PLAY.**

"The Shagran" Opening at the Grand Last Evening.

Last evening the Grand Opera House was well filled with a very fine audience to witness the first presentation of Boucicault's famous drama, "The Shagran." The drama has lost none of its interest or humor, none of its power to charm and hold the attention, and the audience last night was enthusiastic in its praise and applause. The story is a good one, well told, and the play was as well acted as it ever has been in Wheeling. S. J. Forhan was a handsome and natural Comedian, and caught the audience, especially the ladies, at once. Miss Daryl as *Clair*, played the heroine, and was well supported. There is not a "stick" in the company. Indeed, all deserve special mention, but space forbids. The stage is especially set with scenery designed for this piece. The same bill tonight, to-morrow afternoon and to-morrow night, when the engagement closes.

**The Frederick Ward Company.**

Mr. Frederick Ward is not one of those stars who believe in surrounding himself with light whose dimness shall serve to make his own brilliancy shine out to better advantage. On the other hand his theory is that whatever merit he may personally possess will be enhanced by the aid of a support equal to the demands made upon it. In New York, Washington, Providence and Baltimore, where engagements have already been played, this season, the Ward Company have been most heartily commended for the artistic quality of their work. Their members have secured the star in his efforts to give a grand performance of each play in his repertoire. In "Virginius" and in "Damon and Pythias" especially, both of which plays he has presented here, he has been declared to be "worthy of the star," which was deemed sufficient praise. "Nicholas," which is one of Mr. Ward's roles, will be presented at the matinee on Saturday.

**Few are aware of the importance of checking a cough or common cold in its first stage. That which in the beginning would yield to a mild remedy, if neglected soon prevails upon the lungs. Dr. Bull's Cough Syrup affords instant relief. It is a perfectly reliable remedy. Price 25 cents a bottle.**

**There is a great game of ball to-day—St. Louis vs. Wheeling.**

**TO-DAY'S GREAT GAME**

Of Base Ball Between Wheeling and St. Louis—Personnel of the Players.

F. Graves, who will pitch at to-day's game for the Maroons, is comparatively a new man in the base ball world, having made his debut this season with the St. Louis team. He is, however, a fair hitter, good thrower and line catcher.

John Healy, the Egyptian wonder, hails from Cairo, Ill., hence his sobriquet. His work in the box, in the fore part of this season, was rather wild, but he has great power and is a good pitcher. He is a pitcher and is regarded as one of the great pitchers of the future.

A. McKinnon, the Maroons' heavy hitting first baseman, played in 1884 with the New Yorks, but was released by them on account of being too many men. He holds his own with the best of them at first and has a big reputation as a slugger.

Sam Crane, the second baseman, who replaces Dunlap, was formerly with Detroit and has been holding up the honors of his position in a stylish way of the great departed.

Jerry Denny has long borne the reputation of being the greatest third base man in the country. He was a member of the great Providence team, and continued to play for the last five years he has been universally acknowledged as having no rival. He is anything but a record player, and his marvelous work must be seen to be appreciated.

J. E. Seery became noted in '84 as a member of the Kansas City Union. This is his second season with the Maroons. He is a fair hitter, good fielder and covers a great deal of ground.

J. M. Murphy has been known to base ball fans this year, but he is succeeding in making quite a name for himself. He played the first part of the season with the Long Island club, and when it disbanded, went to Detroit. They, however, did not perceive his worth and released him to St. Louis, in which team he has developed in a remarkable manner. "Parnell" Cahill is a graduate of last year's champion Atlantes, of the Southern League. He was captured by a team played by Manager Schullis, and was secured to all right field. He did not catch on very well at first with the St. Louis audiences, but of late he has shown marked improvement, and is now deemed a valuable man.

As Joe Dineley will not be able to play with the home team, George will play third, Nichol short and John Croghan, of this year's Macon club, a rattling good fielder, will play centre.

Don't alarm your neighbors at night with your cough, but use Red Star Cough Cure.

As the Shagran drama has captivated the hearts of the ladies in other cities, it will no doubt draw them out here.

**RAILROAD ACCIDENTS.**

A BRAKEMAN KILLED AT BURTON

On the B. & O. Railroad Yesterday Morning—His Body Horribly Mangled—Two Sections of a Pan Handle Freight Collide Near Holliday's Cove.

Yesterday morning as the west-bound freight train which passes Burton station, on the Baltimore & Ohio railroad, about five o'clock in the morning, was nearing that place, John Mertholowear, a brakeman, was running along the top of the cars, when in some way he missed his footing and slipped off, falling between two cars. The wheels passed over him, cutting and crushing his body shockingly.

His fellow train hands missed him almost immediately, but before they could reach the mangled body, life was extinct. He was picked up and placed in the caboose and taken to his home near Board Tree tunnel.

Early this morning at about half past five o'clock the first section of Panhandle No. 41 ran into the rear end of second No. 53, near Holliday's Cove, breaking the caboose and two cars and completely blocking the track. There was a very heavy load of timber and it was impossible to see it at the time and it was impossible to see it at the time and it was impossible to see it at the time.

Freight trains have been following each other very closely recently on account of the heavy traffic and the trains yesterday morning were so close that the crew of No. 41 was not able to see the freight train.

No. 1 was injured, but the track was blocked over six hours. No. 8, passenger, transferred her passengers, as did the accommodations. Both Colliders and Steubenville yards were filled with trains all forenoon.

West Virginia Coal in the East.

A special telegram from Philadelphia says: There is considerable interest felt in the new departure to be made by the Pennsylvania Railroad Company in bringing to the Eastern markets coal from the Piedmont region of West Virginia into which that company has extended a line of railroad. Heretofore the product of these extensive coal fields has gone to the market over the Baltimore & Ohio railroad.

Ex-Senator Davis, of West Virginia, who is the owner of the lands and who has developed them, has quarreled with the Baltimore & Ohio, and the result has been that the Pennsylvania Railroad Company in extending a line from Cumberland down to its Piedmont region, and the product will come to market over the Pennsylvania railroad system.

The coal will, of course, compete with the Ohio product, and the effect will be to place upon the latter an anxious awaited.

Mike O'Donnell in Jail Again.

Yesterday Mike O'Donnell was locked up in the county jail. He was held in \$1,000 bail by Squire Arkle several weeks ago on a charge of grand larceny. His bail was subsequently reduced by the Circuit Court, and his father going on his bond, he was released from custody.

Later he has been annoying the family by coming home drunk, and otherwise misbehaving, and accordingly his father yesterday surrendered him and the bail bond was canceled. He is charged with stealing \$425 from a man named Sanders, at Valley Grove, while work was in progress on the gas pipe line in that vicinity.

Will Make Iron Nails Again.

It was reported here yesterday that the Norton Iron Works, at Ashland, Ky., had abandoned steel nail making and resolved to return to the manufacture of iron nails as soon as their boiling department could be rehabilitated and enough boilers employed to do the necessary pumping.

Nail manufacturers here who were asked about the change said if the report was true the change was probably made simply on account of the difficulty in obtaining steel nail plate. Soft steel suitable for nail is a very scarce article and it is not thought here that the change has any other significance.

Wonderful Cures.

W. T. Hoyt & Co., wholesale and retail druggists, of this city, say: We have been selling Dr. King's New Discovery Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well or give such universal satisfaction. There have been good reasons for this success. The medicine in this city. Several cases of pronounced consumption have been entirely cured by the use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by Logan & Co.

Your only chance, St. Louis vs. Wheeling to-day.

A Pile-Drivers Uproar.

One of the pile-drivers employed in driving piles for the C. & L. W. Company's extension to Martin's Ferry, and located just above the Back river bridge, upset yesterday. Several men were on the pile-driver, the difficult work being just begun. The pile-driver fell, and the men were thrown off. The pile-driver was damaged, and the men were injured.

Under the direction of the New York State Board of Health, eighty-four different kinds of baking powders, containing all the ingredients that could be found for sale in the State, were submitted to examination and analysis by Professor C. F. Chandler, a member of the State Board and President of the New York City Board of Health, assisted by Professor J. M. Allen, of the New York State University.

The official report shows that a large number of the powders examined were found to contain alum or lime; many of them to such an extent as to render them entirely unfit for use in the preparation of human food.

Alum was found in twenty-nine samples. This drug is employed in baking powders to cheapen their cost. The presence of it is a serious danger to the health of those who use it in the preparation of human food.

**THROUGH THE STATE.**

Accidents and Incidents in West Virginia and Vicinity.

Jesse Fyle, an old citizen of Coalbrook township, over the river, died on Saturday.

Catherine Jenkins, of Union township, Belmont county, aged 89, died on Friday of last week.

The Auburn Guards is the name of a newly organized military company in Ritchie county.

Calvin Stewart, a lunatic, from Monongalia county escaped from the Weston Insane Asylum recently, and at last accounts had been captured and taken to the county jail.

Each of a 12-year old son of a Raleigh county farmer named Phillips, got his head caught between the ladder and top bench of a cane mill and he so badly crushed that he died few hours afterwards.

The bonds of the First National Bank of Kinross having been called in for redemption by the United States Treasurer, that bank will soon cease to exist as a national bank. Steps are being taken to reorganize under the State laws.

A large barn on the farm of James Mansford, on North Mountain, in Berkeley county, was destroyed by fire last week and the loss on the building, machinery, corn, wheat, hay, etc., amounted to over \$4,000; the insurance was only \$800. The origin of the fire is unknown.

Mrs. Julia Mercer, of Barnesville, O., has brought suit against Mark Albert and Melvin Mercer, to recover \$1,000 damages for libel against her husband. Also, a like suit for the same amount against Jos. T. Hinton, Jack Hinton and William Hinton jointly, all of that town.

John W. Young, of Mason county, lost three of his children, two sons and one daughter, all grown up, last week and has been so sick that they are not expected to recover. Flux, the disease that has caused the death of such a large number in Nicholas county, appears to be the epidemic that has caused these deaths in Mason county.

A certificate of incorporation has been issued to the Mercantile and Manufacturing Company of Hampton, organized for the purpose of doing a general manufacturing and repair business, building houses, manufacturing and repairing wood and iron implements, tools, boots, pumps, etc. The principal office to be at Hampton, Kanawha county. \$500 has been subscribed and \$5 paid in with privilege of \$25,000 capital stock in all.

The Charleston Star in a recent issue contained the following: "The Wheeling and Ohio Railroad Company, situated about thirteen miles above this city, is one of the best coal companies on the river. During the strike of last summer and fall their hands were never out. Last year they shipped by river 173,000 tons of coal, or 4,300,000 bushels; by Chesapeake & Ohio Railroad, 337 tons. This year they have shipped daily by river 1,000 tons and none by railroads.

The eighth annual reunion of the 52nd O. V. I. will be held at Newcomertown, Ohio, Wednesday, October 20. It is desired to complete the history of the regiment, a full turn out is desired. A feature of the reunion will be a picture gallery. Each comrade will bring a picture of himself, taken before or during the war, and one taken at the present time. Absent comrades will send pictures by mail to T. D. Neighbor, Newcomertown. All pictures will be returned after the reunion. They should be carefully marked with name, rank and company.

Call and see my new case for showing French Tissues. 45 different shades.

J. B. Wilson, Bookseller, Stationer and Engraver, 1508 Market Street.

**MARTIN'S FERRY.**

Nail Feeders Strike—Arrests Yesterday—New Notes.

Jesse Johnson paid his parents a flying visit yesterday.

Yesterday was pay day for the Power House employees.

E. H. McDougle left for the Cincinnati law school yesterday.

William Linn is able to be out almost daily. Young Dobbin is also improving slowly.

The concreting for the foundation of the Power House is being put in and work will be begun on it at once.

Judge John S. Cochran brought some fine strawberries and raspberries to town yesterday, of the second crop.

The Union Glass works went on full yesterday morning, after a temporary stop, to put in natural gas fixtures.

The Red Men will give a ball and festival October 22 and 23, for the benefit of Mrs. Brady Burns, to liquidate debt on her property.

The funeral of Mrs. Randolph Howell took place yesterday afternoon, from her late home, First street, and was very largely attended.

The accommodation train makes no more stops at the Sherman House, much to the displeasure of citizens of the lower end.

Part of the feeders at the Laughlin Nail Factory came out on a strike yesterday against a reduction in the price of feeding, and the feeders refused to work. The feeders refused to work. The feeders refused to work.

Pat O'Neill, Isaac Nixon and Samuel Downey were pulled in yesterday, drunk and disorderly. Will Thompson was arrested, charged with stealing iron from the Washington Coal Company. He has always borne a good name heretofore and his arrest was a surprise to his friends.

Muscular, inflammatory and chronic rheumatism all succumb to St. Jacob's Oil.

Belaire.

Commissioner W. J. Berry was in town yesterday.

Mrs. O. L. Poorman is quite sick with rheumatism and her daughter, Mrs. George Henry, at Logan, O.

The Willing Workers will meet at M. V. Miller's to-night.

Walnuts and hickory nuts are exceedingly plenty in this neighborhood, and so are squirrels.

Hon. A. L. Morrison's speech to-night will be the first speech of the campaign on either side.

Mrs. Prince left yesterday to spend the week with her daughter, Mrs. George Henry, at Logan, O.

The City of Nashville put off here a cargo of freight for Pittsburgh. She is a southern boat with a southern crew.

Rev. W. T. Garroway, of the Presbyterian church at Woodfield, was in town yesterday. He is about to move to Utica, Pa.

At the tank at the Cleveland & Pittsburgh shops for covering engine parts yesterday morning and for a while train had to pass it on a side track.

The Bellaire Steel works was idle yesterday on account of the death of Patrick Moran, the workman who was hurt some time ago by the falling of a deposit from the roof.

An alarm of fire was sent in shortly before 8 o'clock last evening, caused by a blaze in the Goblet Works. The department was not needed, the flames being extinguished before any damage was done.

The whole hill just below Finch run, where for covering engine parts yesterday morning and for a while train had to pass it on a side track.

The Bellaire Steel works was idle yesterday on account of the death of Patrick Moran, the workman who was hurt some time ago by the falling of a deposit from the roof.

An alarm of fire was sent in shortly before 8 o'clock last evening, caused by a blaze in the Goblet Works. The department was not needed, the flames being extinguished before any damage was done.

The whole hill just below Finch run, where for covering engine parts yesterday morning and for a while train had to pass it on a side track.
